MyCatholicDoctor is a nationwide organization that brings a network of faithful medical professionals to patients through video visits/telehealth, home visits, and office referrals on almost any smartphone, computer, or tablet. We can initiate your medical care virtually, order any necessary labs or imaging, and send prescriptions to any pharmacy of your choice. Most of the time we can take care of all of your needs through convenient, affordable telehealth. If in-person care is necessary, our providers will offer a home visit, invite you to be seen in their office, or refer you to a local provider they trust and recommend.

We practice evidence-based scientific medicine from a Catholic perspective and integrate Catholic spirituality into our care as appropriate to the situation. We see all people regardless of religious affiliation.

Luke 10:9 "cure the sick who are there, and say to them, "The kingdom of God has come near to you.""
