

MyCatholicDoctor is a nationwide organization that brings a network of faithful medical professionals to you through video appointment (telehealth). We offer rapid access urgent care 24/7/365, as well as appointment-based visits. Appointment based visits will generally have a lower co-pay and include both primary care and specialty care. We can initiate your medical care virtually, order any necessary labs or imaging, and send prescriptions to any pharmacy of your choice. We practice evidence-based scientific medicine from a Catholic perspective and integrate Catholic spirituality into our care as appropriate to the situation.
